SuperNEMO Associate Membership

Dear Professor Stoica,

on behalf of the SuperNEMO Collaboration I have the pleasure to confirm that you have been accepted as Associate Member to the SuperNEMO Collaboration by a vote of the Institutional Board during our recent Collaboration Meeting in Prague in March 2013.

The SuperNEMO Collaboration is currently constructing a demonstrator module to be deployed in the Modane Underground Laboratory (LSM) with the goal to search for neutrinoless double beta decay.

We look forward to a fruitful and productive collaboration.

Sincerely

Chair SuperNEMO Institutional Board
